

Please confirm the below instruction to set up the MMS service.

## 1. Check the password of My SoftBank.

Tap the URL, which is written on SMS (sender: 940001) after the Purchase.

Tap this icon.  
パスワードの確認方法はこちら。

Input "mobilenumber" And "password (four digit numbers)" Tap this icon.  
パスワードを確認する

For the password, it is sometime difficult to distinguish between 1 and l, 0 and o. Please try both letters if you can't determine the letter.

You will receive your password by SMS (sender: 157), which is made of 8 to 16 alphanumeric characters.

## 2. Change your mail address and register it on iPhone

Activate "Safari" and select My SoftBank from "Bookmark."

Tap this icon. ※"Cancel" if Wi-Fi network selection page pop up.

Tap this icon. 変更する

Select "変更する" and input your new mail address. Tap this icon. 次へ

Check if you see the mail Address you have just input. Tap this icon if you agree.

Your mail address will be changed. Please press the home bottom for Top Menu.

Select "Messages" from "Settings".

Please make sure that your "MMSメッセージ" function is active.

Input your new mail address into the blanks below. Press the home bottom to complete the process.

※ If you registered S!mail address on any internet services, please change all registered information of internet services when you change S!mail address or cancel S!mail service.
